# L050B\_Leg press

---

Dimensions (L x W x H): 206 x 112 x 148.5 cm

Weight: 306.4 kg

Load: 136 kg

With an innovative pulley system that permits a higher maximum load, the L050 allows the user to train glutes, hamstrings and quadriceps.

- Adjusting the inclination of the backrest.
- Oversized non-slip rubber platform for foot support.
- The design allows for a coefficient of 1.5, i.e. a maximum load thrust of approximately 200 kg.
- SmartFocus with 11" console option and full connectivity available.
